Offshore

OIL & GAS
JOURNAL

WWW.OFFSHOREWESTAFRICA.COM

Offshore West Africa is now in its 15th year of providing a platform for technology exchange and new business development, Offshore West Africa is the region's premier technical forum focused exclusively on West Africa's offshore Oil and Gas market.

About Offshore West Africa

Ghana is recognized as one of the most promising exploration regions Offshore West Africa. It perfectly fits 2011 event theme -- **Discover New Frontiers in West Africa Offshore Challenges.**

Having Offshore West Africa take place in Ghana is of high interest to national and international oil companies that are familiar with the outstanding conferences held by PennWell worldwide.

These companies include operators such as Anadarko, ExxonMobil, Shell, TOTAL, Chevron, and others, as well as Chinese National Offshore Oil Co. (CNOOC), Petronas, Petrobras, Nigerian National Petroleum Co. (NNPC) and others that have attended and taken part in past OWA conferences.

Offshore West Africa, is sponsored by Offshore Magazine and Oil & Gas Journal, is the only conference and exhibition dedicated to the offshore oil & gas industry in the region, more than 1,500 offshore professionals are expected to attend the three-day conference and exhibition.

Call for Papers

The Advisory Board for Offshore West Africa is now accepting abstracts for the Offshore West Africa 2011 Conference. We invite you to submit an abstract for Offshore West Africa 2011 and share your knowledge, experience and solutions with industry colleagues from around the world. To have your presentation considered for the technical session programme, please submit your 100 - 400 word abstract on one or more of the technical focus areas listed by 3rd August 2010.

Please submit your abstract online at:

www.offshorwestafrica.com

Deadline: 3 August 2010

Offshore West Africa 2010 saw over 350 conference attendees

Technical Focus Area

FIELD DEVELOPMENT

Conceptual Evaluation
Field Development Planning
Stranded Gas Field Developments

MANAGEMENT

Benchmarking
Drilling Economics
Integrated Solutions
Logistics
Project Execution and Management
Operational Excellence / Risk Management
Regional / Worldwide Drilling Issues
Standards and Standardization

LOCAL CONTENT

Human Resource & Training
Management and Supervision
Operator / Contractor / Supplier
Relationship

RISERS & RISER TECHNOLOGY

Riser Systems
Drilling Risers
Production Risers
Steel Catenary Risers
Monitoring

SUBSEA TECHNOLOGY

Remote Subsea Tiebacks
Subsea Intervention
Subsea Trees, Manifolds & Templates
Control Lines & Umbilicals
Seabed Processing & Boosting
Monitoring and Intervention

FLOATING PRODUCTION SYSTEMS

Concepts & Developments
Innovative Floating Production Concepts
Topsides Installation
Environmental Concerns
Vessel Response Monitoring
Construction/Installation
Disconnectable FPS Systems

MOBILE OFFSHORE DRILLING UNITS

Automated Drilling Rigs / Systems
Mobile Offshore Drilling Units
Tender Assist Drilling
Combination Drilling / Production Units
New Builds / Renewals / Upgrades
Rig Design
Rig Specifications / Regulations

DATA COLLECTION/COMMUNICATION

Communication Systems
Data Analysis / Computer Applications
Decision Support
Real Time Data Management
Sensors and Data Quality
Real-time Integrity Monitoring

74% of Offshore West Africa 2010 conference delegates rated the quality of the conference content as good to excellent!

Technical Focus Area

FLOW ASSURANCE

Flow Assurance Issues
Hydrate Inhibitors
Leak Detection
Pipe in Pipe
Injection Network Design

FLOWLINES & PIPELINES

Rigid & Flexible Pipelines, Flowlines & Risers
Pipeline Construction/Installation
Deepwater Pipeline Repair
Pipeline Connectors/Manifolds
PLEMS
Design Concepts

MOORING & STATION-KEEPING

Anchors & Moorings
Seafloor Challenges
Materials & Design
Disconnect/Reconnect

DRILLING OPERATIONS

Deep Drilling
Drilling with Casing or Liners
High Temperature, High Pressure Drilling
Hostile Environments
Managed Pressure Drilling
Riserless Drilling
Seismic While Drilling (SWD) Slimhole Drilling
Surface BOP Operations
Through-Tubing Rotary Drilling
Underbalanced Drilling

COMPLETIONS

Expandable Screens
Extended Reach Completions
Horizontal Completions
Intelligent Completions
Multilateral Completions
Sand Control
Subsea Completion

WELL CONSTRUCTION

Expert Drilling System / Drilling Optimization
Extended Reach Drilling
Geosteering
Horizontal Drilling
Multilateral Drilling
MWD/LWD
Rotary Steerable Systems
BOPs and Well Control Equipment
Casing Running
Drilling Automation
Instrumentation
Subsea Equipment

Who will be your audience?

Industry professionals, experts, engineering management, engineers, operations management, operations and maintenance from the oil and gas industries, including:

- Industry leaders who seek information and technologies for future operations
- Senior decision makers from international and regional operators
- Oil and gas operating companies
- Service and equipment suppliers
- Engineering and construction companies
- Contractors
- Consultants

Submittal Guidelines

To submit an abstract for consideration by the Offshore West Africa Advisory Board, please follow the procedures below:

- Go to www.offshorewestafrica.com
- Click on submit abstracts in the left navigation bar
- Complete the required fields
- Press submit or send
- Relax, its now all done

Please submit your abstract ONLY ONCE and wait for the automatic e-mail that confirms your submission was successful. Abstracts must have a title and list all authors. Please provide full contact information for the primary contact and speaker (company affiliation, telephone, mobile number and email address). Please designate which author will be the speaker. Presentations must be of interest and of practical value to executives, managers, engineers and operations personnel engaged in the offshore oil and gas industries. Papers will be selected based on a review of abstracts by the Offshore West Africa Advisory Board. Papers must not be commercial in nature.

On-line: www.offshorewestafrica.com

Abstract submittal deadline: 3rd August 2010
